Dear

On behalf of the Town of Ninety Six, the H96DA and the 96 Chamber of Commerce, I am proud to announce that our financial goal of $29,333 has been reached and we will be able to pursue the proposed revitalization plan for Ninety Six. This achievement was made possible through the contributions of private donors, Ninety Six businesses, the Town of Ninety Six, Greenwood County and the 96 Chamber of Commerce. I feel that through our joint efforts and working together as a community, we will be able to maintain our small town charm and also pave the road for potential economic growth.

I would like to thank you for your donation in the amount of _____.

If you have questions or concerns, please call me @ 543-2458 or my email address is dcwells@greenwood.net. Again thank you for your support.

Sincerely,

Donna Wells, President, 96 Chamber of Commerce
